**THE APOTHEOSIS OF WHITMAN.**  
WALT WHITMAN. By RICHARD MARSH BUCKE.  
M. D. 12mo, pp. 236. Philadelphia: DAVID McKEAY.

Walt Whitman's merit as a poet is still matter of discussion; but there can be no question as to his unique position as an object of clamorous and hysterical friendship. Dr. Bucke's sketch is a spasmodic eulogy; he could scarcely have said more had his subject been Christ himself. Indeed he tactfully admits this.

"The sole object of the present work," he declares, "is to depict an individual in moral nature, perhaps the highest that has yet appeared." He paints Whitman not only as a being of magnificent genius, of sublime elevation of soul, and of a humanity of quite unspeakable largeness; he credits him also with the possession of a mysterious magnetic power which works miracles in those approaching him.

Miracles for whose prototypes we should be forced to go to the New Testament. He records that a person well known to him spent an hour with Whitman in 1877 and has been in a condition of blessedness ever since. "He said," notes the enthusiastic Doctor, "that Walt Whitman only spoke to him about a hundred words altogether, and these not quite ordinary and commonplace; that he did not realize anything peculiar while with him, but shortly after leaving a state of exaltation it was the result of the apartment that he shall have satisfied him with the regular course of undergraduate study in this college, or in some other maintaining an equivalent curriculum of study, to the end of his year. Students from other colleges must present certificates of proficiency and of character in good standing.

Special students admitted without examination to any or all of the courses.
